

How to make a Paper Boat!

① fold paper in half...

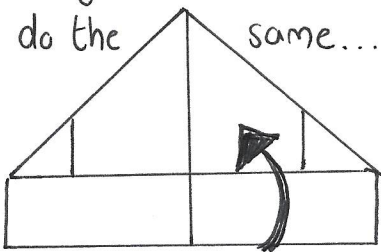

② fold in half again, then open it back up.

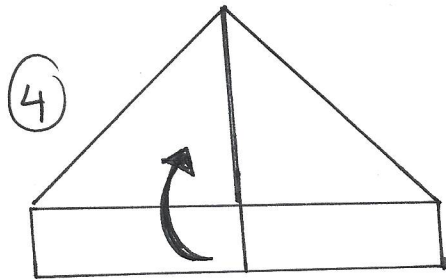

③ fold corners to the middle

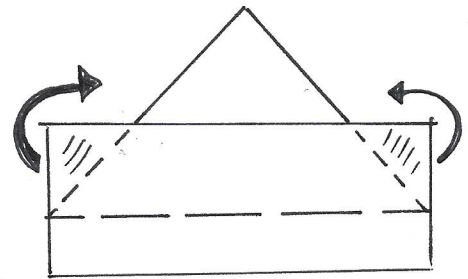

on the other side... do the same...

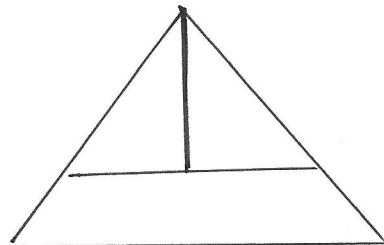

fold the bottom flap over the two triangles

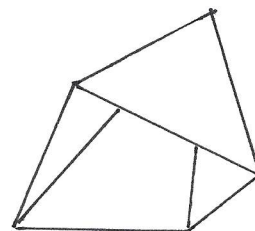

fold the bottom flap over the two triangles.

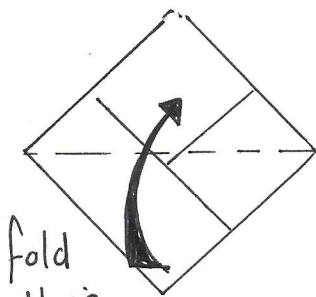

fold the corners // around to the back, then turn over

and again fold the corners // around to the other side.

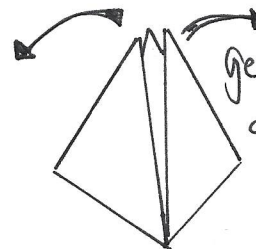

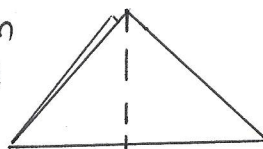

Push together the corners to make it into a square.

fold it in half from bottom to top

then turn over and do the same on the other side.

gently pull apart and out from the centre.
